Brickline Web

In the Brickline Phone app

BRICKLINE WEB · BRICKLINE PHONE

AI phone services, at fair prices

Talk to an AI assistant on a real phone call, in any language. Live translation is an optional toggle, with subtitles on screen. Plain calls and video already work in the same app. Accessibility is free for everyone.

TALK IN THE LANGUAGE YOU PREFER

English · Español · Français · Deutsch · Português · Русский · Українська · 中文 · 日本語 · العربية · עברית · हिन्दी · + 21 languages

Honest, published prices

Per-minute and monthly plans. No hidden fees.

Optional live translation

You speak yours. They hear theirs. Subtitles on screen. Turn it on when you need it.

Built for everyone

Deaf, blind and mute users included. Accessibility is free.

THE CATALOG

Twelve AI phone services

Each service is a real conversation with an AI assistant, by phone or in the Brickline Phone app. Unused monthly minutes do not roll over. Extra minutes are billed at the per-minute rate. Minutes are rounded up, the same way a phone carrier bills a call.

Information line

Ask for addresses, opening hours, phone numbers, weather, exchange rates and other everyday facts. The assistant looks things up and answers out loud.

$0.12 / min

$9.99 / mo · 100 min

Live interpreter

A three-way call for two people who do not share a language. Each person speaks and hears their own language, with live subtitles in the app. Turn it on when you need it.

$0.25 / min

$19.99 / mo · 100 min

AI psychological support

A calm, private conversation when you need someone to talk to. This is not therapy and not a crisis service. In an emergency in the United States, call or text 988 (free).

$0.12 / min

$9.99 / mo · 80 min

Business and legal information

General information about everyday business and legal topics. This is not legal advice and not a substitute for a licensed attorney.

$0.12 / min

Included in Personal

Health information

General health information in plain language. This is not a diagnosis, not a prescription, and not a substitute for a doctor.

$0.12 / min

Included in Personal

Help for older adults

Reminders, help with appointments, and calling a relative when something needs attention. Families can also share a monthly plan.

$0.12 / min

Family: $14.99 / mo · 120 min + 40 SMS

THE CATALOG, CONTINUED

Accessibility, practice, booking and more

Accessibility tools are free for every Brickline Phone user — no subscription and no per-minute charge. The other services below use the same published rates as the first six.

Accessibility

Live captions, text-to-speech, and sign language in the app — for deaf, hard-of-hearing, blind, low-vision and mute users. Built to WCAG 2.1 AA.

Free

Included for everyone

Language practice

Practice speaking a language out loud with a patient AI partner. Correct, repeat, and build confidence for real conversations.

$0.10 / min

$8.99 / mo · 90 min

Booking calls

The AI calls a restaurant, clinic, salon or shop on your behalf, in their language, and books the appointment. You stay in control.

$0.20 / min

$9.99 / mo · 60 min

AI business secretary

Answers your business line, takes messages and requests, and handles routine callers — around the clock.

$0.15 / min

$29 / mo · 250 min + a local number

Tech help

Walk-through help with phones, computers, apps and everyday tech problems, explained step by step in your language.

$0.12 / min

Included in Personal

Companion against loneliness

A friendly conversation when you want company. Sessions are capped at 40 minutes. This is companionship, not therapy.

$0.10 / min

$6.99 / mo · 60 min

Already included, at no extra charge

- ✓ The Brickline Phone app is free.
- ✓ Accessibility tools are free for everyone.
- ✓ Calling packs are $4.99, $9.99 and $24.99. Storage is 500 MB free, then 5 GB at $0.99, 50 GB at $1.99 and 200 GB at $5.99 per month.
- ✓ Calls and messages between Brickline Phone users are free.
- ✓ Calls to regular numbers in the United States and Canada, without AI, are 4.9¢ per minute.

International calls to ordinary phone numbers are quoted in the app before you dial, because rates vary by country. Crisis support via 988 in the United States is free.

MONTHLY PLANS

Bundles that cover everyday use

Pick a monthly plan if you use several services. All four plans include free in-network calls and messages, and free accessibility. Unused minutes expire at the end of the month. Extra minutes are billed at the published per-minute rates.

Personal

$14.99 / mo

120 minutes to share across Information, psychological support, business and legal information, health information, help for older adults, language practice, tech help and companion. Live interpreter, booking calls and the business secretary are not included.

Family

$24.99 / mo

200 shared consumer minutes for two profiles, plus 50 reminder SMS. The same service mix as Personal, so the whole household can use the plan.

Business

$29 / mo

250 minutes of the AI business secretary, a local number, and 20 minutes of booking calls. Built for a small office that needs a reliable voice on the line.

Complete

$39.99 / mo

150 consumer minutes, 80 minutes of live interpretation, and 30 minutes of booking calls — the broadest mix in one plan.

A Family option is also available on its own for help with older adults: $14.99 per month for 120 minutes and 40 SMS.

In every plan

- ✓ Free calls and messages between Brickline Phone users.
- ✓ Extra minutes at the published per-minute rates.
- ✓ Free accessibility tools.
- ✓ The rate is always shown before you spend.

WHY WE'RE BETTER

Why Brickline Phone is better than the alternatives

Most phone AI and interpreting services charge professional or enterprise rates. We publish consumer prices that undercut widely listed public rates — and we put live translation, subtitles, accessibility and 24/7 AI in a single app, alongside ordinary calls and video.

What people usually buy	Publicly listed rate*	Brickline Phone
Live phone interpreter (LanguageLine)	$3.95 / min (audio)	$0.25 / min · $19.99 / 100 min
AI receptionist minutes (Rosie)	$49 / mo for 250 min	$29 / mo for 250 min + a number
AI receptionist calls (Smith.ai Pro)	$150 / mo for 75 calls ($2 each)	$0.15 / min or $29 Business
AI answering plan (Goodcall Starter)	From $79 / mo	$29 / mo Business plan
Wellbeing chatbot (Wysa Premium)	$19.99 / mo (in-app chat)	$9.99 / mo for 80 phone min
Brickline Web Brickline Phone	One app, published consumer rates	**Free app · calling packs from $4.99 · AI from $0.10/min**

* Publicly listed rates as of November 2026, for general comparison only. Names and trademarks belong to their owners. Plans and billing units differ (per minute, per call, or per unique customer), and some products are chat apps rather than phone calls. Rates may change.

What no price table can show — and others still don't offer together

Honestly cheaper

Live interpretation at $0.25 / min versus LanguageLine's public $3.95 / min audio rate. A 250-minute secretary plan at $29 versus Rosie's public $49 for the same allotment.

Optional translation, with subtitles

Speak your language on a real phone call. The other person hears theirs. Live subtitles stay on screen in the app. Turn translation on only when you need it.

Deaf, blind and mute users included

Captions, spoken text and sign language in the app — not as a paid add-on. Accessibility is free for everyone.

AI, 24 hours a day

The assistant does not close at 6 p.m. Information, a secretary, practice and a companion are designed to be available around the clock.

One app for everything

Ordinary calls, video, messages, interpretation, booking, a secretary and accessibility — not a stack of separate subscriptions.

A real phone network

Call ordinary landlines and mobiles worldwide. In-network Brickline Phone calls and messages stay free.

GETTING STARTED

Open the app and start today

Create a Brickline Phone account in any browser. Plain calls and video already work. Live translation is an optional toggle. AI phone services use the published prices on this sheet, shown in the app before you spend.

- Open phone.bricklineweb.com in any browser, or add it to your home screen.
- Sign in. The app is free. In-network calls and messages are free.
- Call, start a video chat, or turn on live translation when you need it.
- You always see the rate before you spend. Extra minutes follow the published per-minute prices.

IMPORTANT INFORMATION

Prices in this brochure are in US dollars and may change; the rate shown in the app before a call or when you start a plan is the rate that applies. Minutes are rounded up. Unused monthly minutes do not roll over. International calls to ordinary phone numbers are quoted in the app because rates vary by country. Live translation is optional. An AI assistant is not a person. AI psychological support is not psychotherapy, not medical or psychiatric care, and not a crisis service. If you are in the United States and in crisis, call or text 988 (Suicide & Crisis Lifeline); if it is an emergency, call 911. Health information is general information only — not a diagnosis, not a prescription, and not a substitute for a licensed clinician. Business and legal information is general information only — not legal advice, not a lawyer–client relationship, and not a substitute for a licensed attorney. Companion conversations are companionship, not therapy. Accessibility features are free; their availability may depend on the device and the browser. Calls are placed on the public telephone network. A short notice is played when an AI assistant or interpreter is on a call, and consent may be required. This brochure is for clients and the general public. © 2026 Brickline Web. bricklineweb.com · phone.bricklineweb.com · hello@bricklineweb.com
